PRECAUTIONS

• This disc contains software for the PlayStation®3 system. Never use this disc on any other system, as it could damage it. • This disc conforms to PlayStation®3 specifications for the PAL market only. It cannot be used on other specification versions of PlayStation®3. • Read the PlayStation®3 system instruction Manual carefully to ensure correct usage. • When inserting this disc in the PlayStation®3 system always place it with the required playback side facing down. • When handling the disc, do not touch the surface. Hold it by the edge. • Keep the disc clean and free of scratches. Should the surface become dirty, wipe it gently with a soft dry cloth. • Do not leave the disc near heat sources or in direct sunlight or excessive moisture. • Do not use an irregularly shaped disc, a cracked or warped disc, or one that has been repaired with adhesives, as it could lead to malfunction.

HEALTH WARNING

Always play in a well lit environment. Take regular breaks, 15 minutes every hour. Discontinue playing if you experience dizziness, nausea, fatigue or have a headache. Some individuals are sensitive to flashing or flickering lights or geometric shapes and patterns, may have an undetected epileptic condition and may experience epileptic seizures when watching television or playing videogames. Consult your doctor before playing videogames if you have an epileptic condition and immediately should you experience any of the following symptoms whilst playing: altered vision, muscle twitching, other involuntary movement, loss of awareness, confusion and/or convulsions.

3D HEALTH WARNING

Some people may experience discomfort (such as eye strain, eye fatigue or nausea) while watching 3D video images or playing stereoscopic 3D games on 3D televisions. If you experience such discomfort you should immediately discontinue use of your television until the discomfort subsides.

Generally we recommend that you avoid prolonged use of your PlayStation®3 system and take 15 minute breaks during each hour of play. However, when playing stereoscopic 3D games or watching 3D video, the length and frequency of necessary breaks may vary from person to person – please take breaks that are long enough to allow any feelings of discomfort to subside. If symptoms persist, consult your doctor.

The vision of young children (especially those under six years old) is still under development. We recommend that you consult with your child's doctor or optometrist before allowing young children to watch 3D video images or play stereoscopic 3D games. Adults should supervise young children to ensure they follow the recommendations listed above.

PAN EUROPEAN GAMES INFORMATION (PEGI) AGE RATING SYSTEM

The PEGI age rating system protects minors from games unsuitable for their particular age group. PLEASE NOTE it is not a guide to gaming difficulty. For further information visit www.pegi.info.

Comprising three parts, PEGI allows parents and those purchasing games for children to make an informed choice appropriate to the age of the intended player. The first part is an age rating:

The second part of the rating may consist of one or more descriptors indicating the type of content in the game. Depending on the game, there may be a number of such descriptors. The age rating of the game reflects the intensity of this content. The descriptors are:

The third part is a label indicating the game can be played online. This label may be used only by online game providers who have committed to uphold standards which include the protection of minors in online gameplay:

www.pegionline.eu

PARENTAL CONTROL

This product has a preset Parental Control Level based on its content. You can set the Parental Control Level on the PlayStation®3 system to restrict the playback of a product with a Parental Control Level that is higher than the level set on the PS3™ system. For more information, please refer to the PS3™ system instruction manual.

This product is classified according to the PEGI rating system. The PEGI rating marks and content descriptors are displayed on the product package (except where, by law, another rating system applies). The relationship between the PEGI rating system and the Parental Control Level is as follows:

PARENTAL CONTROL LEVEL	9	7	5	3	2
PEGI RATING AGE GROUP	18	16	12	7	3

In rare cases, the Parental Control Level of this product may be higher than the age rating which applies in your country, because of differences in the age rating systems in the various countries in which this product is sold. You may need to reset the Parental Control Level on your PS3™ system to enable play.
